

## OCEC Energy Efficiency Program - Residential Rebates

Rebates are limited to five times (5x) the amount contributed to the Energy Efficiency Fund in a twelve-month period or \$5,000; whichever is greater. OCEC reserves the right to change or discontinue rebates at any time without notification. All requirements for specific rebates must be met in order for a rebate to be paid. At no time will OCEC pay a rebate for an amount over what the purchase price of item was.

### HOUSEHOLD APPLIANCES

|   |                             |
|---|-----------------------------|
| <b>ENERGY STAR® Clothes Washer or Clothes Dryer</b> | <b>\$75 each/\$150 pair</b> |
| <b>ENERGY STAR® Refrigerator</b>                    |                             |
| 22 cu. Ft. and above.                               | \$200                       |
| 10-22 cu. Ft.                                       | \$100                       |
| 3-9.9 cu. Ft.                                       | \$50                        |
| <b>ENERGY STAR® Freezer</b>                         | \$100                       |
| <b>ENERGY STAR® Dishwasher</b>                      | \$100                       |
| <b>ENERGY STAR® LED Television</b>                  | \$100                       |

### THERMOSTATS

|                         |       |
|-------------------------|-------|
| Programmable Thermostat | \$25  |
| Learning Thermostat     | \$100 |

### REFRIGERATED COOLING

|  |              |
|--|--------------|
| HVAC Tune-up by Qualified Technician                                     | \$75         |
| HVAC System installed by Qualified Technician - 16 SEER rating or higher | \$750/unit   |
| Closed Loop Geothermal Heat Pump   | \$2,000/unit |
| Air Source Heat Pump - 16 SEER rating or higher                          | \$1,000/unit |
| Mini-Split Heat Pump System  | \$500/room   |

### EVAPORATIVE COOLING

Rebate is for a single-duct unit and must be on approved OCEC list. Window units do not qualify for rebates. Any questions about this rebate should be asked of OCEC personnel prior to purchase.

|   |       |
|---|-------|
| Single-Duct, 12" media - see list for approved models | \$600 |
|---|-------|

### INSULATION (Pre-installation and Post-installation Inspection May Be Required)

|                                |                       |
|--------------------------------|-----------------------|
| Improving or adding insulation | 30% of material costs |
|--------------------------------|-----------------------|

### WINDOWS & DOORS (Pre-installation and Post-installation Inspection May Be Required)

|                                    |                       |
|------------------------------------|-----------------------|
| ENERGY STAR® rated Windows & Doors | 25% of material costs |
| Caulking and Weather-stripping     | 50% of material costs |

### LED LIGHTING

|                                     |             |
|-------------------------------------|-------------|
| LED Lighting                        | 25% of cost |
| Occupancy Light Sensor Light Switch | \$10/switch |

### OUTDOOR POWER EQUIPMENT

|  |                         |
|--|-------------------------|
| Electric Mower or Snow Blower - 36 volt minimum                | 25% of cost up to \$100 |
| Electric Trimmer, Chainsaw, Pruner or Blower - 18 volt minimum | 25% of cost up to \$50  |

New equipment only, purchased after 01/01/2020. Battery or corded equipment as defined above qualifies. Minimum purchase price of \$50 not including tax.

### HOME ENERGY AUDIT

**FREE**

### ELECTRIC VEHICLE CHARGER

**provided by OCEC**

Additional information and program requirements for EV charger available in separate publication.

### WATER HEATING

|  |              |
|--|--------------|
| Electric Water Heater - .93 UEF or higher                    | \$125        |
| <b>ENERGY STAR® Heat Pump Water Heater - HP setting only</b> | <b>\$500</b> |

## OCEC Energy Efficiency Program - Commercial Rebates

Rebates are limited to five times (5x) the amount contributed to the Energy Efficiency Fund in a twelve-month period or \$5,000; whichever is greater.

### MEASURES

|   |                                    |
|---|------------------------------------|
| <b>Motors/10 to 500 hp (Irrigation motors only)</b>                                     | <b>\$8/hp</b>                      |
| <b>Variable Speed Drives / 25 to 500 hp</b><br>Rebate cannot exceed 50% of cost of VSD. | <b>\$1,600-\$6,800</b>             |
| <b>HVAC Controls</b>  | <b>\$750</b>                       |
| <b>Vending Misers</b>   | <b>Provided by OCEC</b>            |
| <b>Commercial LED Lighting</b>  | <b>50% of cost of fixture/lamp</b> |
| <b>Occupancy Motion Sensor Light Switch</b>   | <b>\$10/switch</b>                 |
| <b>Energy Audit &amp; Assessment by Certified Auditor</b>                               | <b>FREE</b>                        |

OCEC reserves the right to change or discontinue rebates at any time without notification. All requirements for specific rebates must be met in order for a rebate to be paid. At no time will OCEC pay a rebate for an amount over purchase price.
